## SUPAGARD PAINT AND FABRIC PROTECTION - THE PROFESSIONAL'S CHOICE

### WELCOME TO CLEARY NISSAN

Cleary Nissan has been a family run business for nearly one hundred years. While our business has changed a lot over the years, our mission remains the same; in every aspect of our business our aim is to provide a high standard of customer service.

Whether you are one of our long standing customers or this is your first visit to us we will ensure you will receive a friendly welcome from all our staff. In this booklet we have details on options you might like to consider when purchasing your car. Our options protect you against potential risks, keep your car looking its best and offer you the best value in maintenance costs.

Supagard paint and fabric protection products are guaranteed to maintain your car's appearance for a minimum of three years - your car retains the same superb look it had when you bought it and this helps to maintain its value when you come to sell it.

#### Paintwork Protection

All Supagard products have been developed to withstand the harshest environmental and climatic conditions and our Paint Sealant is one of the most technologically advanced treatments available. This tough polymer barrier bonds to the paintwork, leaving a high gloss finish. It seals the surface against harmful acid rain and atmospheric pollutants and eliminates the need to wax and polish for a minimum of three years. Supagard is professionally applied by trained technicians and all you have to do is wash the car. What could be simpler?

#### Fabric Protection

And when a car's interior is protected by Supagard, there's no need to cry over spilt milk, or chocolate, or mud! Our technicians coat each fibre of the fabric seats and carpets with a resin based formula which eases the removal of dirt and spills. This prevents staining while preserving the texture and appearance of the interior. Dirt and spills can be vacuumed or wiped off with a gentle cleaning solution and this invisible barrier also helps reduce friction between fibres which prolongs their life.

# COMBINED GUARANTEED ASSET PROTECTION

**When purchasing a vehicle you need to consider protecting yourself against probably the single biggest financial risk associated with ownership; the risk of your vehicle being declared a write-off.**

Your comprehensive motor insurance does not cover everything. In the event of your vehicle being declared a write-off, you could be left with a significant difference between your motor insurance pay-out and what you paid for the vehicle or owe your finance company. The graph below is an example of how motor insurance works.

Motor insurance only covers you for the market value of your vehicle at the time it is declared a write-off.

Combined Guaranteed Asset Protection is subject to the terms and conditions contained in the policy schedule. You should note that there are certain limitations in terms of the maximum amount you may claim. Please ask your sales executive for further details.

**Consider protecting yourself against possibly the single biggest financial risk when purchasing a vehicle.**

# HOW COMBINED GUARANTEED ASSET PROTECTION COVER WORKS

## Return to Invoice (RTI) Insurance

## Finance Guaranteed Asset Protection (Gap) Insurance

## Can you give me an example?

If you bought your vehicle outright and paid €26,500 for it and your motor insurance pay-out is €15,000, RTI can pay up to the difference of €11,500 to top it up to the original €26,500. If you financed your vehicle and paid €26,500 and your motor insurance pay-out is €15,000, and your outstanding finance payment was €18,000 Finance GAP insurance may pay-out up to €3,000.

**Combined Guaranteed Asset Protection will pay-out the greater of the Finance GAP or RTI amount.**

## Significant benefits

### Policy duration

Cover is available for varying durations, depending on your requirements and according to the terms of your finance agreement. Cover ends earlier in the event of a paid claim or if the vehicle is no longer in your possession.

### Excess

Provides a contribution of up to €250 towards your motor insurance policy excess.

### Claim

A range of claim limits are available depending on the premium paid and the purchase price of your vehicle.

## Vehicle accessories covered

As long as accessories are fitted by the dealer and are manufacturer approved, we will cover up to €1,500 of extras. Manufacturer fitted accessories are covered.

## Transferable

If during the first year of cover, the vehicle is written off and you get a replacement vehicle on a "new for old" basis, you can transfer the remaining duration of the policy to your replacement vehicle free of charge. You may then subsequently, at any time, transfer any remaining period of insurance on the policy due to a further change of vehicle, on payment of an administration fee of €35, as long as the replacement vehicle falls within the price range specified in your policy schedule.

## Cancellable

If, for any reason, you wish to cancel your policy and you do so within 30 days, and no claim has been registered with AutoProtect during this time, we will give you a full refund. After that, you may still cancel at any point, subject to a €35 administration fee. You will receive a pro-rata refund reflecting the length of the term remaining.

## Simple to arrange

Your sales executive will be happy to answer any questions you may have and confirm your eligibility for Combined Guaranteed Asset Protection.
